

HACKBRIDGE PRIMARY SCHOOL

Primary Sports Funding 2014-15

The government is continuing to provide additional funding of £150 million per annum for the academic year 2014 to 2015 to improve provision of physical education (PE) and sport in primary schools. This funding - provided jointly by the Departments for Education, Health and Culture, Media and Sport – is being allocated to primary school headteachers. This funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools.

At Hackbridge Primary we have developed an action plan in order to continue to improve PE provision and raise achievement for all pupils in sport.

Our priorities mean that the funding for 2014-15 will:

- *Develop staff expertise in teaching in gymnastics, dance and invasion games skills through providing additional training and professional development and covering classes to enable teachers to do this.*
- *Increase participation in sport through the provision of additional before school, after school and lunchtime 'sports' clubs*
- *Increase participation in borough-wide competitions and tournaments through membership of the local sports partnership*
- *To continue to purchase additional PE resources to enable a wider and 'new' range of sports to be played (basketball, hockey, badminton)*

With the added funding, we aim to build on this further, ensuring that each child experiences the benefits.

How much do we get?

Each school receives £8000, plus £5 per pupil on role in January 2014.

Total for this school is £10,290.

This is allocated in two payments in October 2014 (£6003) and April £4289)

How is it spent?

A large portion of our funding has been spent in new partnerships with Community Advantages Sport and Fit for Sport. The benefits of these partnerships are listed in the breakdown below, together with our own uses of the funding and own school budget allocation.
